#### SmartCOMM<sup>™</sup> SOLUTION BRIEF

# Fixing the Fluency Gap in Today's Enterprise Customer Communications

Consumers today expect personalized, relevant, interactive communications – on their terms and in their preferred channels. Businesses are scrambling to become more fluent in the language of this new digital consumer, but can't achieve fluency with a customer communications management (CCM) platform built to do little more than push out a letter with your customer's name at the top.

20th century CCM platforms were never designed to support digital channels, highly personalized messages, and interactive communications. It takes a new generation platform that that has digital at its foundation to support a higher level of fluency. SmartCOMM<sup>™</sup> from Smart Communications helps enterprises simplify their customer and business communications -- while making those communications do even more.

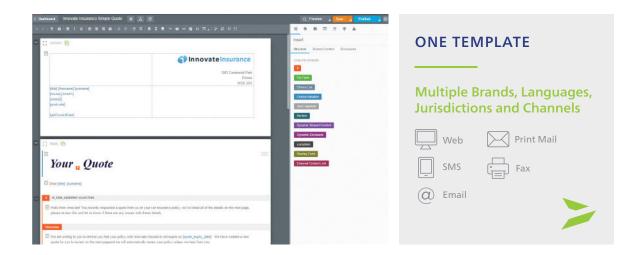

## SmartCOMM<sup>™</sup> CCM Solution Features

#### **Business-Controlled Template Design:**

Drastically reduce the time and effort needed to create new templates using SmartCOMM<sup>™</sup>'s browser-based template authoring, which offers a user-friendly interface and easy access to shared content, style sets, layouts, and shared data. SmartCOMM provides a "one template, many communications" approach, with each template offering multi-channel, multi-brand, multi-jurisdictional and multi-language capabilities, helping you to eliminate management of hundreds of old templates.

#### **Efficient On-Demand Communications:**

With a simple click directly from within your customer care interface, your customer service team can quickly and efficiently produce relevant, standardized communications that quickly and easily access established company communications practices.

#### **Flexible Interactive Communications:**

Across your organization, anyone who communicates with your customers can access SmartCOMM<sup>™</sup> directly from within a customer care environment to create targeted and personalized conversations in real-time, using either freeform or pre-approved text, branding and content.

#### **Rapid Production of Batch Communications:**

In addition to personalizing conversations how and where your customers want to receive them, SmartCOMM's highperformance batch generation tool makes it easy to address enterprise organizations' needs to assemble large volumes of customer content in real-time, too. Need to deliver a policy update across a customer segment? No problem. With our smart batch capabilities, we've got you covered.

#### **Secure Collaboration:**

For communications that require review and negotiation, SmartCOMM gives you control over who can review, edit and approve copy. Using the SmartCOMM Docbox capability, a full audit trail is maintained of all changes and comments, making it easy to securely trace the lifecycle of a single copy between parties.

#### **Cloud or Hybrid Deployment:**

Smart Communications' solutions are the only CCMs on the market that can be deployed in both a cloud and a hybrid-cloud environment.
